**TALLAHASSEE** – State Representative Maria Sachs (D-Delray Beach) will serve on the Statewide Task Force on Human Trafficking, under an appointment made by Florida Governor Charlie Crist.

The Statewide Task Force on Human Trafficking is a 19-person panel created to evaluate the problem of human trafficking and to recommend strategies and actions for reducing or eliminating the unlawful trafficking of men, women and children into Florida.

“I am honored to be appointed to serve on the Statewide Task Force on Human Trafficking for the state of Florida,” said Representative Sachs. “Human trafficking has become the number one crime issue in South Florida and one that impacts all of us. It has truly become a problem and Florida is at the center of this global epidemic.”
